The screenshot shows the OnePetro website interface. At the top left is the OnePetro logo. To its right, it says "via University of Science and Technology of China". Further right, there is a currency selector set to "USD - US Dollar". A navigation bar contains links for "Home", "Journals", "Conferences", and a shopping cart icon showing "0 USD 0.00". Below the navigation bar is a search area with a text input field "Enter your search term here", a "Search" button, and a link to "Advanced search". There are also checkboxes for "Peer reviewed only" and "Published between" with year input fields. A "Search syntax help" link is also present. On the right side, a "My OnePetro" sidebar displays a user greeting "Hello ***" and a list of account-related links: "Saved items (0)", "Saved searches (0)", "My account" (highlighted with a red box), and "Purchase history". A "Sign out" button is located at the bottom of this sidebar. Below the search area, a paragraph describes OnePetro as a library of technical documents and journal articles for the oil and gas industry, with a link to "Find out more about who we are and what we do." At the bottom right, there is a "OnePetro login" button.

Regardless of oil price, large joint venture upstream projects have significantly underperformed production. Smaller upstream projects have not fared much better. While there is some detail on reasoning focused principally on project management, poor decision-making led to the underperformance.
